College of Engineering and Agro-Industrial Technology
University of the Philippines Los Baños
College, Laguna 4031 Philippines | Telefax (049) 536-2315

January 12, 2009

Dear Sir/ Ma'am,

Greetings!

We are pleased to announce that the Department of Chemical Engineering is marking the Silver Anniversary Week for the institution of the BS Chemical Engineering program on March 4 to 6, 2010. Our theme is "Chemical Engineering at 25 Years and Getting Stronger". This year, we would like to highlight the existence of the UPLB Chemical Engineering program by enjoining students and alumni in a weeklong celebration.

Attached herewith is the lineup of planned activities to commemorate this special occasion. As an alumnus or alumna, you are cordially invited to the Fellowship Night as well as the other events which would be convenient for you to join. It's time that we meet and connect with our old friends, *batchmates*, *blocmates*, friends, staff and teachers.

Moreover, we would welcome all kinds of alumni support (material and others) in order to augment the Department's resources to make this grand celebration a success. In light of this, we would like to solicit any amount in cash or in kind. Please contact us for some details if interested.

We hope for your favorable response and look forward in welcoming you back again to *Elbi*!

Sincerely yours,

Engr. Jerico R. Aguila
Instructor
Alumni Relations Committee

Noted by:

Dr. Jovita L. Movillon
Chair
